| <p>1. Not in words of human wisdom
Can we know,
Hear anew,
Word beyond our wordings,
Save within your Spirit's motion,
Find we fire,
Holy fear,
Fear and fascination.</p> | <p>3. There, our deepest trust reviving,
Grace reveal,
Cross fulfil,
Through your fire's refining;
And, our palsied spirits healing,
Hope affirm,
Love transform,
Fill our inmost being.</p> |
| <p>2. To our spirits easing entrance,
Sifting doubts,
Sounding deeps,
Search our very entrails;
Through that wordless intercession
Breathe our sighs,
Form our souls,
Free of this world's fashion.</p> | <p>4. Till at last our heart's surrender,
Lost in praise,
Soul surprise,
Seals our spirit grandeur,
To eternal life expanded,
Day by day,
Till we die,
To that City pointed</p> |
